The General Result.

The Presidential election has resulted in the overwhelming defeat of the Democracy. Gen. Grant is to be President of the United States for the next four years, and we have got to put the best face on the result that it will bear. Since the October election we have had but little, if any hope, of Seymour's election, and consequently are not greatly surprised at the result.

The only hope the country has, is the slender one, that Gen. Grant will raise himself above the party that elected him, and dare to do justice to the whole country. The past history of Grant does not altogether discourage the hope. The magnanimity displayed as the conqueror at Appomattox, and the justice and honesty toward the Southern people, exhibited in his report at the conclusion of the Southern States, evidence that he has much kindly feeling and respect for the Southern people. Grant always claimed to be a democrat, has never given in his adhesion to the Radical party, and was only nominated by them because of his military fame and popularity. It is not impossible for Grant to side with the Conservative Republicans.

The Presidential Election.

The indications are that the following States have gone for Grant and Colfax:

TOWN TALK.

Our last town talk was held, months ago. When a magnificent summer, child of the sun, felt through nature's depths, attended by the sultry hours, and breezes over to be fanned. Now, sober, tepid Autumn succeeds, and we see the many colored woods fading, shades deepening over shade, and the country round embrowned.

Mark! through the dim woods dying, With a wail, Faintly the wild air sighing—Bummer's gone!

Poetess November the "melancholy month." The dead leaves strew the walks in the forest, and the wild flowers are pale and withered. Gardens have grown desolate and dismal, and there is a wailing at the hotels and boarding-houses that strike the ears and stomach of ambitious landlords and boarders that cause both to sympathize with the leafless trees and mourning earth. Nature is losing its warm and sunny look, and grows cold and chilly; and rugged winter, arising, threatens all with decay and death. How like human life is the process of the year. Spring, first, like infancy, next, Summer, grows adult, then Autumn succeeds to sober age, and last, Winter creeps on with frost and frowny old brow. Oh, may we all live through the spring, summer and autumn of life, so that when the winter of old age shall come, we may not mourn over a worn and withered landscape that shows no vestige of beauty or joy!

Be patient, then, my soul! Mourn not meekly after truth, and be content With such a measure as God gives his own! Till at thy destined goal, The mystic veil before thy vision part, Then shalt thou know all, as thou art known.

And like thy God, abide Forever satisfied!

BENEVOLENT SOCIETY.

Speaking of Winter, and autumn, causes us to think of the need and suffering which the poor of this community will be compelled to endure. We know there are a number in this town and vicinity to whom a little charity would be a Christian duty. How shall our poor defend themselves against the cold and dreary winter? Many while the storm king rages fearfully without will have no bright blaze to add comfort to their hearts; no cheering fire to sit amidst their beds of sickness; but with pecuniary cares and hungry want corroding the breast, without friends or money, their lonely lives drag on. As it is the duty of our better conditioned citizens in town and country, to look around, and make some preparation for relieving the sufferings and actual wants of the poor and helpless? How better could this object be accomplished than by organizing a society for the purpose, whose duty it would be to find out the real objects of charity and to raise money to supply their wants. Neither our town or country authorities make adequate provision for the poor. What good women of Fulton county will take the lead in this noble work? Is there none who will ferret the follies of fashion, and learn the luxury of doing good? Let shining charity adorn their lives—the noblest impulse a generous mind can feel. Institutions of this kind under the control of men are generally neglected, and those their highest virtues to the noise and bustle of business. If the exact clashes with our pecuniary interest we are too apt to let the poor suffer, the sick wait upon themselves, and the dead bury the dead. None are beyond the reach of these ills of life. Even those with whom full content seems to rest, may yet feel the sore and sorrow of poverty and affliction. What numbers seen in fortune's lap high fed, now sicken the cold hand of charity, and what is worse sicken in vain.

MARRIED.

In this place, Wednesday, 7 o'clock, P. M., at the residence of the bride's mother, by Rev. Mr. Schneider, Mr. R. G. GARRET and Miss Adeline PARKER.

TO OUR YOUNG FRIENDS.

To our young friends we wish many years of wedded bliss. Though the link has closely bound them, Heaven has given a closer link to these true hearts. To love, to bliss both their souls are blended—each interwoven with the other's fate, and may their bright joys never know decay, but time improve their lustre.

THOUGHTS.

Though love spurs hymen's gentle power, Those who improve his golden hours, By wedded experience know The marriage, rightly understood, Gives to the tender and the good, A Paradise below.

WHO NEXT?

If flying rumors gathered up as they roll, may be believed, quite a number of marriages are to occur in this vicinity between this Christmas. And it must be so—for Thomas Brown, Esq., heard Rick's wife tell the son of Mr. Smith, (him that's named John), that Higgins said that Miss Catcomb told him confidentially that Mrs. Jones thought she had heard Polly's cousin's sister's husband's name.

ter's husband's name. But who next? If we believe in poetry marriage is the bloom of all that's happy. To all the readers of the Courier may it be happiness.

Then let hymen's soft approach.

With pomp and feast, and revelry,

IV.

SHADE TAKES.—The season for transplanting trees is at hand. Let every one take advantage of it and set out shade trees in front of their residences. Nothing adds more to the beauty and pleasantness of a place than a cool, refreshing shade. We would be willing to submit to any reasonable tax for the purpose of getting rows of beautiful trees on either side of our principal streets. We would like to see our property holders have public spirit and taste sufficient to do this thing voluntarily, but if they possess not that spirit and taste we would not object to a corporation law forcing them to do it. We may build and improve as much as we please, but we can never have a beautiful, pleasant town without trees. God made them grow on earth for man's comfort and pleasure. Friends, let us set them out everywhere, and then watch over them and protect them. The trouble and expense of doing this will be trifling, and will be paid back a thousand fold in the increased value of property, and by the pleasant, delightful shade they will afford in the long hot summer time.

BUSINESS NOTICE.

All parties indebted to the HICKMAN COURIER, either for job-work, advertising, or subscription, are requested to come forward and settle up. If you can't pay, call and acknowledge the indebtedness. Circumstances will compel us to run on all our outstanding claims if they are not settled up soon. To those who can't pay, and won't like the several bankrupts who through the United States Marshall have left their complaints with us, may all the infections fall upon them, and make them by inch-meals a disease. Poison be their flesh, gnaw their meat, and boding screech o'wls all the music they ever hear. Till started conscience heap, in wild dismay, Convulsive capers then their debts to pay.

FARMER'S CLUB.

We are glad to note that the farmers of this section have organized a Farmer's Club. The object of this association is to advance the general interest of agriculture in this portion of Kentucky and West Tennessee; to spread intelligence for the market for stocks, and other farm products, throughout the farming community, and by mutual consultation protect their interest from undue advantages being taken of them; to bring together the experience as to the best method of cultivating the various crops; of breeding and raising stock; of the various descriptions of the best farming implements; and, embracing, also, the interests of horticulture, fruit raising, the dairies, etc. The doors are now open for membership, and we trust all our farmers will become members and take a lively interest in the same.

ACCIDENTALLY KILLED.

A sad accident occurred in East Hickman on Sunday evening last, resulting in the death of WILLIAM GARDNER, a youth aged about fourteen years, and the son of our esteemed fellow-townsmen, Thos. Gardner, of the Nashville and Northwestern Railroad. His, with other young friends were amusing themselves in a public swing erected in that vicinity, when the beam of the swing broke in twain, both pieces of the falling timber striking him upon the head, producing concussion of the brain, from which he died Monday morning last. The parents have the sympathy of our people in their sad and melancholy affliction.

RELIGIOUS.

Rev. Father O'Driscoll will deliver a series of lectures at the Catholic Church in Hickman, beginning to-morrow, (Sunday) on the history and doctrines of the Catholic church, and proposes to especially notice what he considers the leading popular errors on the subject. The public are invited to attend.

The Paducah Methodist Conference.

The Paducah Methodist Conference meets in Paducah, Tenn., on the 25th of November. Until that time the Methodist pulpit in this place will not be filled regularly.

Members of the Christian Church.

of Hickman have suggested the services of Elder J. F. Brown, to preach in this place next year. He is one of the ablest divines of this section, and in this community has many friends and admirers.

readiness to adopt themselves in the changed circumstances of their husbands and fathers. They saw, they cook, they wash, change old clothes into new ones, and do everything to make poor man happy, "if he just will."

POLITICS.

One people regard the result of the Presidential election as a pretty "chilly pill," but one that has to be swallowed. "We have about our arrows, and spun our top, and banded our last new ball; we've trampled our hoop 'till we've got to stop, and we swung 'till we got the fall." Who's in or out, who moves the grand machine of State, no more we wish to know. We must make up our minds to accept Mr. Grant as President of the United States for the next four years, and trust that more good may come out of him than we now expect.

The Bear Yarn.

The superior quality of flour kept by J. Mallory, at his warehouse, is pronounced to be the cheapest and best ever offered in this market. Our consumers experience considerable saving between paying \$10 now, whereas they formerly paid \$14 per barrel, and appreciating the fact they are extending to him a liberal patronage—so much so that it is difficult to keep a supply on hand. Mallory keeps other articles of groceries which the public would do well to consider before making purchases elsewhere. Every article sold is warranted to be what he represents it. He also, intends making time a specialty. He now has in store a lot of Cape Line which he sells at \$2. This is about the lowest rates ever sold in this market.

SMITH TONIC SYRUP.

FOR THE CURE OF AGUE AND FEVER. The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southwestern country to bear him testimony to the truth of the assertion, that in no case where the truth of it will fail to cure, if the directions are strictly followed and carried out. In a great many cases a single dose has been cured by a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long standing cases. "Youth, this medicine will not require any aid to keep the bowels in good order; should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S WHOLE FAMILIAR PILLS will be sufficient." Authentic Documents. Arkansas Record From. TESTIMONY OF MEDICAL MEN.

Dr. John Bull, White Co., Ark., May 22, '66. Dr. J. M. Duplan writes: I do not know that Bull's Worm Destroyer and any more recommendation than it has already attained by its own merits, but I will state that my little aged mother, who was afflicted with a very obstinate liver complaint, was severely attacked last fall with all the symptoms of worms. My physician—one of the best in this part of the country—advised me to purchase Bull's Worm Destroyer, and I gave the child the contents of one bottle, in three doses, eight and morning. With happy results. The child had not had a sleep for over three months, and instead of the bloated mass that he was, he is now well and hearty. John Bull did it. Yours, truly, M. L. DUPLAN.

BULL'S SARSAPARILLA.

A GOOD REASON FOR THE CAPTAIN'S FAITH.

Read the Captain's Letter and the Letter From His Mother.

DEAR BARRACLOUGH, April 30, '66.

Dr. John Bull—Dear Sir: Knowing the efficiency of your Sarsaparilla, and the healing and beneficial qualities it possesses, I send you the following statement of my case: I was wounded about two years ago—was taken prisoner and confined for sixteen months. Being moved to Ohio, my wounds have not healed yet. I have not set up at a moment since I was wounded. I am now suffering from the hips. My general health is impaired, and I need something to assist nature. I have more faith in your Sarsaparilla than in any other thing. I wish that it is genuine. Please express me half a dozen bottles, and oblige. Carr. C. P. JOHNSON, St. Louis, Mo.

OLD PRICES OF LIVING.—In these days of high prices it will be refreshing to know the prices our English forefathers paid for their meat, bread and butter. In 1300 bread enough to feed a hundred men cost twenty-five cents, and a sheep sold for eight cents. In 1300 the price of the best wine was valued at twelve cents a quart, to enable dealers to live by it. One cent of wheat cost about sixteen to twenty-five cents in weight, according to the price of grain. Wheat was three cents a bushel in 1300. The law fixed the price of wheat at three cents; and of a fat lamb from night to twelve cents, according to the season of the year. In 1275, in 1313 Parliament fixed the price of wheat at about twelve dollars; or, if corn, at eighteen dollars; a sheep, at three dollars and twenty-five cents; and eggs at three cents a dozen; and other articles of household use, continuing at the prices given above. In 1307 the best wine cost five dollars a tun. Wheat was thirty-seven cents a bushel in 1300, and this was the price of wheat in 1300, the history of that period, who depicts this year as "the dearth year." In the time of Henry the Eighth, wheat and pork sold for a cent a pound, and veal at a cent, and a half. Three pints of milk were sold for a cent. The best of it was that these prices were fixed by law, and so placed out of the reach of speculation, though the people grumbled at these enormous rates, in their thoughts, as much as New York, and the whole family of brother Jonathan, do now. These prices are reduced for convenience from sterling to Federal money.

THE CALICO TRADE.—The calico interest in the United States is an important one. The total production of printed goods in 1855 was about 3,000,000 yards. In 1856 it reached 120,000,000. In 1855 there were twenty-seven print works in the United States, which produced in the aggregate 350,000,000 yards per year. This amount, at an average of ten cents per yard, was worth \$35,000,000. In 1856 the exports of printed goods amounted to \$3,000,000. Our imports of printed cotton in 1856 amounted to \$19,110,752. Our exports in 1857 were \$1,785,685 worth. The total product of the printed goods in 1860, according to the census of that year, was \$7,745,644. There are six million cotton spindles now in operation in the United States, of which over two million are running on cloth for printing, and produce 450,000,000 yards.

THE KING OF PORTUGAL is considered the happiest man in Europe. He voluntarily laid down the crown, and has never for a moment regretted it. He is of Saxe-Coburg, Gohra, a kinsman of Leopold, and very like him, except in ambition. He married the Queen of Portugal, and on the majority of his son he surrendered the throne to him. He is a very much devoted to the fine arts, and has a spacious palace filled with the most beautiful of the kind and the best. There he has a case, or rather a hall, where the strains of Lisbon music and chatting with every one he meets. He is a great favorite with every body. He is only fifty-two years of age, and has been spoken of as a suitable person for the throne of Spain. It would be pity to mar the so much felicity.

FROM THE DEPARTMENT OF AGRICULTURE we learn that the crops of this year, taken in the aggregate, will prove more remunerative than that of 1867. The wheat crop, of which many contradictory statements have been made to the Department, will on the whole prove as large, if not larger, than that of last year; the increased area sown fully making up for the short crops so generally reported from the Northwest. The hay crop is excellent, while that of oats is only middling. The area of corn planted is large, and the return per acre will be entirely satisfactory.

SECRETARY SEWARD is said to be a luxurious "dead-head." He has a free ticket engraved on silver, which he travels over the Erie railway. This is a life pass, given to him at the expiration of his term as Governor of New York, because of his interest in the internal improvements of the State. He offers silver for his fare, and the conductors do not collect.

THE Prince of Wales says that he would be made a Mason till he knew what they do and what they do for. As that is about all he could know after initiation, his curiosity is not likely to be gratified.

MANY who have ventured upon the mountains of Zion have sung aloud in the valley of the shadow of death.

CHRISTIANITY is the special academy of patience, wherein we are informed, lured and trained up to bear all things.

A HOLY life has a voice; it speaks when the tongue is silent, and is a constant attraction or a perpetual repel.

THE joy of the spirit is a delicate, sacred deposit, and must be kept in a pure vessel, as an unholy vessel will dim its lustre and fade its freshness.

A POUCE of calomel, applied morning and night, for three or four days, will cure a fever. No matter how bad the case, splitting the finger will be unnecessary if this poultice is used.

"How Chilly the Evenings in October." There is a common remark, yet how few think of the danger of exposing themselves to its influence. In all warm, marshy localities, and even in the open air, there is the danger of the cold. In this disease there is invariably more or less derangement of the liver and digestive organs. The remedies usually resorted to have reference to preventing the perspiration or breaking up the chills. If this is effected without removing the cause, a relapse is inevitable. HOSKETT'S STOMACH BITTERS strike directly at the foundation of the evil, by acting on the liver and correcting digestion. The cause being removed, the perspiration will cease, and the chills cannot recur. When the patient is weak and debilitated, the BITTERS should be resorted to, until they strengthen and tone the system, ally all nervous irritations, and induce a sound and healthy sleep. The BITTERS will have no terror for you.

Orton's Preparation!
Established in 1866.
The Appetite for Tobacco De-
stroyed.
Leave of Smoking and Chewing the Poison-
ous Weed, Tobacco!

ONE box of ORTON'S PREPARATION
is warranted to destroy the appetite for
tobacco in any person, no matter how strong
the habit may be.
It fills in any case the money will
be refunded. It is almost impossible to
break off from the use of tobacco by the
mere exercise of the will. Something is
needed to assist nature in overcoming a
habit so firmly rooted; with the help of the
Preparation there is not the least trouble.
Hundreds have used it who are willing to
bear witness to the fact that Orton's Pre-
paration completely destroys the appetite for
tobacco and leaves the person as free from
any desire for it as before he commenced its
use. It is perfectly safe and harmless in all
cases. The Preparation not only directly upon
the same glands and secretions affected by
tobacco, and through these upon the blood,
thoroughly restoring the system, and thus al-
leviating the craving for tobacco.
No habit of smoking for tobacco after-
wards. Orton's Preparation! Knowledges it is
warranted! Beware of counterfeits.
Recommendations:
The following are a few selected from the
multitude of recommendations in our pos-
session:
[From W. P. Hark, Esq., Bangor, Me.]
BANGOR, ME., April 24, 1867.
I have used your Preparation for tobacco,
and I have used it for the last three
years, and I have not used tobacco since.
I have made attempts to leave off tobacco,
but I have not been able to do so until I
used your Preparation. I have not used
tobacco since I have used your Preparation.
[From E. W. Adams, Knoxville, Tenn.]
KNOXVILLE, TENN., Aug. 6, 1867.
This is to certify that I had used tobacco
for an extent that my health had become
greatly impaired and my whole system de-
ranged and broken down. In June, 1867,
I purchased one box of Orton's Preparation,
and after using it I found that I was com-
pletely cured. I have not had any craving
or desire for tobacco since using the
Preparation. I believe it to be the best
remedy, and I would advise all who wish
to quit the use of tobacco in any case
to use Orton's Preparation.
